HOW TO USE THE CENTRIX II SYSTEM

OFF CAMPUS LOCAL CALL:

Listen to the dial tone, dial "9" and immediately dial the desired 7-digit number. (No waiting for a second dial tone.)

INCOMING CALLS:

Off-campus callers dial the 7-digit number of your assigned telephone and thus bypass the switchboard. Example: "454" and the assigned number.

TRANSFERRING INCOMING CALLS:

Depress the switchhook one time momentarily (automatically puts calling party on hold). Listen for 3 "zip" tones. Dial the 4-digit number to which call is being transferred and when called station answers announce that you are transferring a call, depress the switchhook once again to connect all three parties. You may either hang up or continue a three way conversation. (Note: Only one of the three parties may be outside the Centrex system.) Any of the three parties may hang up at any time without disturbing the call. To transfer a call back to the Centrex operator, depress the switchhook once, listen for three "zip" tones, then dial "O". To make a conference call, dial 110 and give operator details of the call.

ZERO PLUS AND ONE-PLUS DIALING

REGULAR STATION-TO-STATION CALLS:

Dial "9" plus "1" plus the area code (if different from yours), plus the number.

PERSON-COLLECT-CREDIT CARD AND BILL TO ANOTHER NUMBER:

Dial "9" plus "0" (plus the area code if different from yours), plus the number.

ENGINEERING OPPORTUNITIES IN THE NAVY

The NAVY is now offering two great programs for both Engineering and Architecture majors.

First, if you think you have the ability and desire to master Nuclear Engineering, the Navy's Nuclear Propulsion Program has openings for over 200 college graduates. If you are a junior or senior, you may qualify for up to $550 a month your senior year. Math and Physics majors can qualify also.

The second program is the Civil Engineering Corps. This program offers a Direct Commission to Ensign (no OCS required) to those Engineers and Architects who want to join a great team of officers who build, plan, design, construct, and maintain shore based facilities throughout the world.

For more information concerning either program call Officer Programs in Memphis at (901) 521-3124. Call Collect.
